2001 Primrose Dr. Irving, TX 75063

Intro My mission is to build successful businesses through skillful, passionate project management, application development, and design. Through this careful process, an organization can achieve it's full potential by building applications that can be fun to use, easy to maintain, and ready to grow.

Experience **Zeal IT Consultants** - Dallas, TX Dec 2017 - Present

Board of Advisors - Dec 2017 - Present

Enterprise consulting and coaching firm focused on Agile transformations and application development. Active role in guiding Zeal clients, developers and partners towards sustainable software and project management methodologies.

thera-LINK - Richardson, TX Jan 2016 - Present

Chief Technology Officer - Apr 2017 - Present

HIPAA compliant telehealth solution for practitioners. Responsible for all technology strategy — software, infrastructure, project management, roadmap, and vendors. Oversee certain finance and accounting decisions. Executed on a personal vision to redevelop thera-LINK as brand new, modern web application using API-driven development and scalable infrastructure. This effort positioned the company for future growth and faster feature development. My goal is to design and build great software so that therapists may focus on the mental health of their clients.

Lead Developer - Jan 2016 - Apr 2017

Developed and maintained features in legacy web application. Handled all aspects of application development with key focus on improving the security, scalability, ease of use, and user interface of the existing application. Primary technologies used included PHP, Laravel framework, and Vue.js. Maintained all server infrastructure on Microsoft Azure, AWS, and Rackspace Cloud. Responsible for all project management and introduced continuous integration, deployment and delivery.

Application Development Manager - Jun 2016 - Apr 2017

Managed a team of web and database developers to support internal business processes for the firm. Core technologies were based around ASP.NET MVC, Microsoft SQL Server and related tools such as SSIS & SSAS. Responsible for the introduction and adoption of Agile. Volunteered time to coach other business units on Agile. Supervised the ground-up development of a project catalog application and a professional development application. Overhauled the flow of work between teams to create a cohesive department.

DevOps Engineer - Dec 2015 - Jun 2016

Transitioned into a DevOps role in order to foster a new mindset amongst the development team and create smooth processes. Integrated modern development practices into a stagnant development team by leveraging technologies such as Visual Studio Team Services, Git, and Azure services. This role eventually expanded into being ScrumMaster for the AppDev team.

Business Systems Analyst and Project Manager - Dec 2013 - Dec 2015

Liaison between IT teams and Marketing, Accounting and HR stakeholders. Project Manager on all IT application development projects, hksinc.com, and Microsoft Dynamics CRM rollout. Azure, Office 365 and SharePoint administrator. Managed all Business Systems vendors. Received two awards from the company for a job well done.

Intern - Support Services - Jun 2010 - Dec 2013

Enterprise support, Active Directory, Windows Server, and network administration. Worked with SharePoint. Managed miscellaneous special projects.

Intern - Photography - Jun 2008 - Jun 2010

Digital asset management and architectural photography. Key focus on scripted automation for processing large collections of imagery.

Co-founder - Dec 2006 - Jan 2010

Managed web services. Developed software to handle provisioning, monitoring and billing across server farm. Oversight of support, accounting, development, and design.

Education

Texas A&M University - College Station, TX - Cum Laude - 3.657 GPA (3.9 major GPA) May 2014

Bachelor of Science in Technology Management. Business Minor. Areas of study include Cisco Networking, Computer Hardware, Database Management, Management Information Systems, Unix Systems, Accounting, Finance, Business Law, Marketing, Business Management, Project Management, Statistics, Research. Project Manager for a database development service learning project for St. Joseph Medical Center and web development project for Aggieland™ Humane Society. Received Student Achievement Award from the College of Educational Administration and Human Resource Development in the spring of 2014. Member of the Texas Flying Club (formerly the Texas A&M Flying Club.)

Carrollton Christian Academy - Carrollton, TX Jun 2010

Volunteer part time tech aid, placed first in district in software development using Java and competed at state competition. Film coordinator for school football team. Audio and video coordinator for school productions, technology coordinator on newspaper and yearbook staff. Both newspaper and yearbook placed first in state. Participated in mission trip to San Raymundo, Guatemala in 2009.
